

Grundy County Landfill Commission
Minutes of the Meeting on Thursday, May 14, 2026
Location: Grundy County Courthouse

Members present - Strobehn, Chair, Nederhoff, Secretary, Juchems, Melcher, Metz, Kuester, and Landfill Manager Brown.

Meeting called to order at 6:30 p.m. Minutes of the April meeting were approved by Metz and seconded by Juchems.

Bills totaling \$11,757.57 were approved by Juchems and seconded by Melcher.

New tires were purchased for the leachate trailer.

A quote for the electrical at the landfill was received from Konken Electric for \$4,454.12. The committee asked Brown to check into adding water level sensors to that bid with Konken.

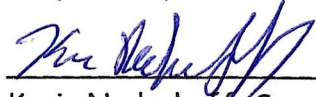

Hardin County Landfill would like to put a recycling trailer at the Grundy County Landfill to make things easier for recycling products. They would also like to get our cardboard recycling for which we currently take to Cedar Falls.

We need to look into getting a signed contract with McDowell & Sons for hauling and also getting a second roll off. There was some discussion about putting the hauling up for bids. Melcher made a motion to look at this again in July at the quarterly meeting when there are more members in attendance, seconded by Metz.

HLW Engineering came to the Landfill to do an inspection and the methane levels came back negative and they reported to the DNR that the levels are coming down and wants the DNR to come out and check the levels to see if the covenant closure can get moving faster.

The meeting was adjourned at 7:46 p.m. Motion by Juchems and seconded by Metz.

Respectfully submitted by:

Kevin Nederhoff, Secretary

Karl Strobehn, Chair
