

Grundy County Child Passenger Safety Program Information

The Grundy County Child Passenger Safety Program's goal is to educate families about child passenger safety procedures. Grundy County Public Health has a nationally certified Child Passenger Safety Technician to guide you in your safety seat installation needs, as well as act as a liaison with questions or concerns about your child safely riding in your vehicle.

FACTS:

- ◆ Motor vehicle crashes are the leading cause of death for children ages 4 to 14
- ◆ Up to 90% of child safety seats are installed incorrectly
- ◆ 6 out of 10 children killed in crashes are not wearing seat belts, or are not secured in safety seats
- ◆ Safety seats reduce fatal injury by 71% for infants, and by 54% for toddlers age 1 to 6 years

SAFETY SEAT BASICS

REAR-FACING

- ◆ **IOWA LAW:** Children *MUST* ride in an appropriate rear-facing safety seat until one year of age *AND* at least 20 pounds.
- ◆ **BEST PRACTICE:** Children should ride in an appropriate rear-facing child safety seat until the *MAXIMUM WEIGHT LIMIT* of the seat is reached, according to the manufacturer information. This can be up to 40 pounds, depending on the seat.

FORWARD-FACING

- ◆ **IOWA LAW:** Children *MUST* ride in an child safety seat or booster seat through the age of 5. (Seats must be used in accordance with manufacturer's directions.)
- ◆ **BEST PRACTICE:** A child should be restrained in a 5-point harness system until the *MAXIMUM WEIGHT LIMIT* for the seat is reached. This is usually 50-65 pounds, although some 5-point harness seats are now rated up to 80-90 pounds.

***Keep children ages 12 and under in the back seat. NEVER place a rear-facing car seat in front of an active air bag.*

Booster Seat

- ◆ **IOWA LAW:** Children *MUST* ride in booster seat or seat belt between the ages of 6 and 11, regardless of their seating position in a vehicle.
- ◆ **BEST PRACTICE:** At maximum harness weight, a child should graduate into a booster seat. A child should ride in a booster seat until their knees bend over the end of the vehicle seat and their feet touch the floor while sitting all the way back.

Seat Belt

- ◆ **IOWA LAW:** Rear seat occupants up to age 18 must be secured by a seat belt.
- ◆ **BEST PRACTICE:** Regardless of your age or seating position in the vehicle, buckle up every time!
