RESOLUTION NO. 10-2017/2018

TO THE HONORABLE BOARD OF SUPERVISORS OF GRUNDY COUNTY, IOWA

MEMBERS,

WHEREAS, Grundy County (“County”) is concerned with the recent rapid rise in troubles among County citizens, residents, and visitors in relation to problems arising out of the use, abuse and overuse of opioid medications, which according to certain studies, impacts millions of people across the country; and

WHEREAS, issues and concerns surrounding opioid use, abuse and overuse by citizens, residents and visitors are not unique to County and are, in fact, issues and concerns shared by all other counties in Iowa and, for that matter, states and counties across the country, as has been well documented through various reports and publications, and is commonly referred to as the Opioid Epidemic (“Opioid Epidemic”); and

WHEREAS, the societal costs associated with the Opioid Epidemic are staggering and, according to the Centers for Disease Control and Prevention, amount to over \$75 billion annually; and

WHEREAS, the National Institute for Health has identified the manufacturers of certain of the opioid medications as being directly responsible for the rapid rise of the Opioid Epidemic by virtue of their aggressive and, according to some, unlawful and unethical marketing practices; and

WHEREAS, certain of the opioid manufacturers have faced civil and criminal liability for their actions that relate directly to the rise of the Opioid Epidemic; and

WHEREAS, County has spent millions in unexpected and unbudgeted time and resources in its programs and services related to the Opioid Epidemic; and

WHEREAS, County is responsible for a multitude of programs and services, all of which require County to expend resources generated through state and federal aid, property tax levy, fees and other permissible revenue sources; and

WHEREAS, County’s provision of programs and services becomes more and more difficult every year because the costs associated with providing the Opioid Epidemic programs and services continue to rise, yet County’s ability to generate revenue is limited by strict levy limit caps and stagnant or declining state and federal aid to County; and

WHEREAS, all sums that County expends in addressing, combatting and otherwise dealing with the Opioid Epidemic are sums that cannot be used for other critical programs and services that County provides to County citizens, residents and visitors; and

WHEREAS, County has been informed that numerous counties and states across the country have filed or intend to file lawsuits against certain of the opioid manufacturers in an effort to force the persons and entities responsible for the Opioid Epidemic to assume financial responsibility for the costs associated with addressing, combatting and otherwise dealing with the Opioid Epidemic; and
